

## EVHA Membership Invitation

Join EVHA – Unite with Europe’s leading network of ventilation hygiene experts. Gain certifications, share knowledge, and influence the future of the industry.

The **European Ventilation Hygiene Association (EVHA)** is a non-profit organization uniting HVAC cleaning companies and professionals across Europe. As the leading authority in ventilation hygiene, EVHA focuses on fostering collaboration, advancing standards, and supporting its members through training, certification, and industry advocacy.

### Membership Benefits

1. **Certification and Standards:** Stand out with exclusive EVHA certifications recognized across Europe.
2. **Networking:** Connect with peers, suppliers, and industry leaders to build lasting relationships.
3. **Training and Education:** Stay ahead with cutting-edge workshops and seminars.
4. **Legislative Support:** Influence and stay informed on regulations shaping the HVAC industry.
5. **Knowledge Sharing:** Collaborate with experts to adopt the latest methods and technologies.
6. **Prestige and Credibility:** Membership signals professionalism to clients and stakeholders.
7. **Exclusive Discounts:** Save on events, certifications, and tools designed to enhance your business.

### Who Are Our Members?

- Ventilation cleaning companies.
- Specialized industrial cleaning firms and HVAC maintenance divisions.
- Suppliers and vendors of equipment and materials.
- Professionals across segments: commercial, residential, marine, healthcare, hospitality, and heavy industry.

## What Sets EVHA Apart?

- **Sole Focus on Ventilation Hygiene:** EVHA specializes in your industry.
- **Global Expertise:** Deep understanding of HVAC systems across national and market variations.
- **Member-Led Organization:** EVHA prioritizes member needs over profits.
- **Collaboration Without Competition:** Build partnerships with no conflict of interest.

## Our Vision

To be the leading European authority on ventilation hygiene, driving innovation, setting standards, and creating safe, healthy, and sustainable indoor environments.

## Join EVHA Today

Become part of a network that empowers professionals, improves industry practices, and drives excellence in ventilation hygiene.
